

Erasmus+

EU-funded scholarships for Kazakh nationals

Erasmus+ is the European Union programme for education, training, youth and sport for the period 2014 – 2020. It offers a range of opportunities for higher education students, doctoral candidates, staff and institutions from around the world.

- Study part of your degree in Europe: Erasmus+ student mobility grants

To date, 315 mobility projects have started between Kazakh higher education institutions (HEIs) and those in the European Union. Together, these provide grants for selected Kazakh universities to send over 1,500 of their students and staff to partner universities throughout Europe. If your university has one or more of these inter-institutional agreements, you will be able to apply to spend part of your degree period (3 to 12 months) at the European university. This mobility is possible at bachelor, master or doctorate level. Contact your university's international office to see where you can go, and what you can study.

Kazakh students coming to Europe may receive a monthly contribution to their expenses abroad of between EUR 800 and EUR 900, depending on the cost of living in the host country, plus a travel contribution based on the distance from the sending to the receiving institution.

- Follow an entire degree in Europe: Erasmus Mundus Joint Master Degrees

Erasmus Mundus Joint Master Degrees (EMJMDs) are operated by **consortia** of higher education institutions (HEIs) from the EU and elsewhere in the world. They provide **high quality integrated courses** and **joint or multiple diplomas** following study or research at two or more HEIs.

They offer EU-funded **scholarships or fellowships** to:

- **Masters students** to study in an EM Joint Master Degree
- **Scholars and guest academics** to teach or carry out research as part of an EMJMD

Students from all over the world are eligible to apply.

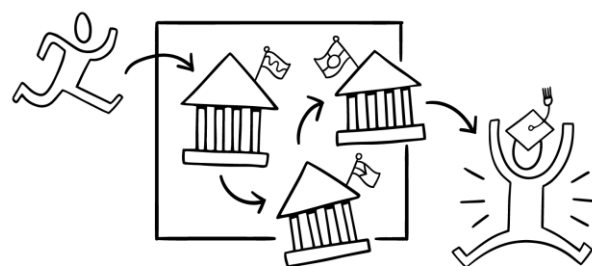

➤ When and how?

106 Erasmus Mundus Joint Master Degrees will be awarding scholarships for courses starting in the academic year 2019/2020. Applications should be submitted directly to the programmes in the last quarter of 2018 or in early 2019. For more information, please visit the websites of the Masters or Doctorate that interests you. You can find a list on the Erasmus Mundus website: <https://eacea.ec.europa.eu/erasmus-plus/scholarships>

A new scholarship selection takes place at the same time each year. The scholarship covers the costs of taking part in the course, travel and installation, subsistence costs and insurance. Altogether this can amount to up to 25 000 euro per year

- Interested in research opportunities in Europe?

You can apply for doctoral and post-doctoral fellowships and other research grants available under the Marie Skłodowska-Curie Actions, which form part of the EU's Horizon 2020 programme for research and innovation. Find out more on the Marie Skłodowska-Curie webpages. ec.europa.eu/msca
